

# Product Information Sheet

COMMISSION DELEGATED REGULATION (EU) 2019/2015 with regard to energy labelling of light sources

**Supplier's name or trade mark:** Papuq

**Supplier's address:** Contacto, Marie Curie 26, 08635 Sant Esteve de Sesrovires Sant Esteve de Sesrovires Barcelona, ES

**Model identifier:** 1042

## Type of light source:

|                                                     |            |                                 |      |
|-----------------------------------------------------|------------|---------------------------------|------|
| Lighting technology used:                           | LED        | Non-directional or directional: | NDLS |
| Light source cap-type (or other electric interface) | Modulo Led |                                 |      |
| Mains or non-mains:                                 | MLS        | Connected light source (CLS):   | Yes  |
| Colour-tuneable light source:                       | Yes        | Envelope:                       | -    |
| High luminance light source:                        | Yes        |                                 |      |
| Anti-glare shield:                                  | Yes        | Dimmable:                       | Yes  |

## Product parameters

| Parameter | Value | Parameter | Value |
|-----------|-------|-----------|-------|
|-----------|-------|-----------|-------|

### General product parameters:

|                                                                                                                                                |                           |                                                                                                                                                            |                         |
|------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------|
| Energy consumption in on-mode (kWh/1000 h), rounded up to the nearest integer                                                                  | 40                        | Energy efficiency class                                                                                                                                    | E                       |
| Useful luminous flux ( $\phi_{use}$ ), indicating if it refers to the flux in a sphere (360°), in a wide cone (120°) or in a narrow cone (90°) | 4 000 in Wide cone (120°) | Correlated colour temperature, rounded to the nearest 100 K, or the range of correlated colour temperatures, rounded to the nearest 100 K, that can be set | 3 000 or 4 000 or 6 000 |
| On-mode power ( $P_{on}$ ), expressed in W                                                                                                     | 30,0                      | Standby power ( $P_{sb}$ ), expressed in W and rounded to the second decimal                                                                               | 0,00                    |
| Networked standby power ( $P_{net}$ ) for CLS, expressed in W and rounded to the second decimal                                                | 0,00                      | Colour rendering index, rounded to the nearest integer, or the range of CRI-values that can be set                                                         | 90                      |
| Outer dimensions without separate control gear, light-                                                                                         | Height                    | Spectral power distribution in the range 250 nm to 800 nm, at full-load                                                                                    | See image in last page  |
|                                                                                                                                                | Width                     |                                                                                                                                                            |                         |
|                                                                                                                                                | Depth                     |                                                                                                                                                            |                         |

|                                                                                                                         |      |                                       |                |  |
|-------------------------------------------------------------------------------------------------------------------------|------|---------------------------------------|----------------|--|
| ing control parts and non-lighting control parts, if any (millimetre)                                                   |      |                                       |                |  |
| Claim of equivalent power <sup>(a)</sup>                                                                                | -    | If yes, equivalent power (W)          | -              |  |
|                                                                                                                         |      | Chromaticity coordinates (x and y)    | 0,400<br>0,400 |  |
| <b>Parameters for LED and OLED light sources:</b>                                                                       |      |                                       |                |  |
| R9 colour rendering index value                                                                                         | 9    | Survival factor                       | 0,00           |  |
| the lumen maintenance factor                                                                                            | 0,00 |                                       |                |  |
| <b>Parameters for LED and OLED mains light sources:</b>                                                                 |      |                                       |                |  |
| displacement factor (cos $\phi_1$ )                                                                                     | 0,00 | Colour consistency in McAdam ellipses | 0              |  |
| Claims that an LED light source replaces a fluorescent light source without integrated ballast of a particular wattage. | -(b) | If yes then replacement claim (W)     | -              |  |
| Flicker metric (Pst LM)                                                                                                 | 0,0  | Stroboscopic effect metric (SVM)      | 0,0            |  |

(a) '-': not applicable;

(b) '-': not applicable;
