Headset with FRGB lighting and next-generation 50mm drivers offering balanced frequency response between bass and treble. Built with a reinforced FORGE steel structure, polished aluminum accents, and an FRGB light ring. Includes two sets of Quick-Swap interchangeable earpads (synthetic leather and breathable AIR fabric) to reduce heat buildup.

Equipped with a flexible detachable microphone and in-line control featuring a volume adjustment wheel and microphone mute switch. Features a universal 3.5mm Jack connector with a PC splitter adapter (1 Jack to 2 Jacks) for multiplatform compatibility with PC, consoles, and mobile devices.
